

Kanpai

Sake is a refined beverage with a rich history, and there is a traditional way to drink it.

Sake has a unique taste and fragrance, and it's different from any other drink out there. Sake has been refined throughout several hundred years' worth of brewing to be best enjoyed sipped like you would a glass of tea or fine wine.

Once everyone has been served, it's customary for everyone to raise their sake cups for a toast. The traditional word for 'cheers' in Japanese is 'Kanpai.' Say it while gently touching the sake cups together before taking your first sip.
